From: Michele V. Leone, Manager, New England Site Investigation & Remediation
Date: 06/24/2011
Subject: Upcoming Site Response Action Report – Week of June 27, 2011
Former Tidewater Facility
Pawtucket, Rhode Island
RIDEM Case No. 95-022

As requested by RIDEM, the following summarizes response actions expected to be performed at the above-referenced site during the week of June 27, 2011.

SITE ACTIVITIES TO BE PERFORMED

- Complete site observation walk;
- Perform NAPL gauging;
- Begin shallow excavations within the natural gas regulator station area to isolate gas utilities and install electrical conduit; and
- Perform air monitoring during excavation activities in accordance with the April 2011 Air Quality Monitoring Program (AQMP).

We currently anticipate that trenching activities associated with undergrounding the overhead natural gas line will not begin before the week of July 4th.

Please note that a document repository for this site has been set up at the Pawtucket Public Library (13 Summer Street).
