Subject: Upcoming Site Response Action Report – Week of November 21, 2011
Former Tidewater Facility

On behalf of National Grid, the following summarizes response actions expected to be performed at the above-referenced site during the week of November 21, 2011.

SITE ACTIVITIES TO BE PERFORMED

- Complete site observation walk;
- Complete backfilling and site restoration associated with natural gas regulator station upgrade; and
- Continue air monitoring during earthwork activities in accordance with the April 2011 Air Quality Monitoring Program (AQMP).

During and subsequent to the completion of the backfilling and restoration, certain above-ground activities (i.e., no excavation work) associated with the regulator station upgrades will be performed at the site. Please note, no work will be performed on Thursday the 24th or Friday the 25th due to the Thanksgiving holiday.

Please contact me at 401-421-4140 Ext. 2719 if you have any questions or comments.
