Subject: Springfield Street Blower Status Update

Jeff,

We are providing this update per your request. Walco Electric is scheduled to remove the non-functioning motors from the blowers at the elementary and middle school tomorrow morning. After the blowers are removed, they will be evaluated at Walco's shop to determine if they can be repaired or rebuilt, or if they need to be replaced. Once this determination is made, the necessary repairs will be made to make the blowers operational again.

Donna
