Date: November 9, 2018

Re: Site Response Action Status Report – October 1 to October 31, 2018
Former Tidewater Facility
Pawtucket, Rhode Island
RIDEM Case No. 95-022 / Site Remediation File No. SR-26-0934

The following summarizes response actions completed at the Former Tidewater Facility for the period October 1 through October 31, 2018, as well as planned activities.

SITE ACTIVITIES PERFORMED

- Performed Site visits to document security conditions and sheen observations, if present.
- Performed a quarterly non-aqueous phase liquid (NAPL) gauging and recovery event.
- Performed the annual groundwater sampling event.
- Removed sediments from various catch basins and manholes with a vacator truck to allow assessment and surveying of the connected piping.

FUTURE RESPONSE ACTION WORK/SCHEDULE

- Continue Site visits to document security conditions and sheen observations.
- Submittal of a Remedial Action Work Plan Addendum upon receipt of comments from RIDEM.

If you have any questions, please contact GZA (860-858-3110) or National Grid (Kenneth Lento at 780-907-3655).
