FROM : _____	TO: _____		
IMO No: _____	GRT/NRT: _____		
Metric/Feet LOA: _____	BREADTH: _____	MOLDED DEPTH: _____	DRAFT: _____
WIND: _____	CURRENT: _____	TIDE: _____	

1. Did the vessel in this transit exceed the current Probationary Pilot's restrictions? Yes/No
2. If yes to #1 above, in draft, gross tonnage, or both? _____

OVERALL SKILL LEVEL (CIRCLE ONE)

PROFICIENT (Supervising pilot/or vessel master was never concerned during any part of the transit. Based on this transit the probationary pilot showed improvement to the extent that a recommendation for a draft, tonnage increase, or full branch status is recommended) (circle recommendation)

SAFE (Not yet proficient, was able to complete transit without coaching, but needs more practice to prove proficiency at a higher level than current restrictions)
