

Summary of All Educational Goals Included in Customized Plans
 Prepared In Summer 2009 For RI Municipalities

Educational Goal	RI Municipality
General Stormwater Awareness	
<ul style="list-style-type: none"> Stormwater runoff is polluted, and it contributes to the pollution of local waters. (targeting homeowners and kids separately) Stormwater is polluted, and it contributes to beach closures. (targeting homeowners) Storm drains lead to local water bodies, regardless of whether some treatment is provided. Don't dump down storm drains. 	<p>Charlestown, Lincoln, Narrow River Watershed, South Kingstown</p> <p>Middletown</p> <p>Pawtucket</p> <p>Woonsocket</p>
Yard Care	
<ul style="list-style-type: none"> Dispose of yard waste properly; especially don't dump into wetland areas. Minimize landscaping-related nitrogen inputs to coastal ponds. Keeping water out of storm drains and on your property can help prevent nuisance flooding. 	<p>Charlestown, Narrow River Watershed, South Kingstown, Woonsocket</p> <p>Charlestown, Narrow River Watershed,</p> <p>Pawtucket</p>
Pet/Animal Waste	
<ul style="list-style-type: none"> Animal waste contributes to stormwater pollution. 	<p>Charlestown, Middletown, Narrow River Watershed, South Kingstown</p>
Businesses	
<ul style="list-style-type: none"> Eliminate illegal connections/discharges from businesses. Stormwater is polluted, and it contributes to beach closures. (targeting business owners) 	<p>Lincoln, South Kingstown, Woonsocket</p> <p>Middletown</p>
Ordinances	
<ul style="list-style-type: none"> Support adoption and promote compliance with a stormwater ordinance designed to keep stormwater runoff onsite with new construction, expansion and redevelopment on individual parcels. Incorporate into zoning, other ordinance or subdivision regulations. 	<p>Charlestown, Lincoln, Middletown, Pawtucket, South Kingstown, Woonsocket</p>
