RE: National Grid LNG Facility_642 Allens Ave

Dear Mr. Howard:

Be advised that pursuant to Article VII, Section 5-101 of the Providence Code of Ordinances, the Department of Public Works has reviewed your submission of a **Soil and Erosion Control Plan (Plan)** for a proposed natural gas liquefaction project to be located at 642 Allens Ave in the City of Providence. The plan was prepared by GZA GeoEnvironmental Inc. and consists of technical data and plans dated June 28, 2018.

The Plan was found to be in conformance with the ordinance and the work can proceed as described.

As a condition governing this approval, prior to commencing any construction, National Grid shall provide a schedule of the work to be performed under the Plan.

Furthermore, National Grid agrees to make every effort to control activities in strict conformance with the Plan, including the schedule. Any deviation from the plan or schedule shall be immediately reported to this office.

Also as a condition governing the issuance of this permit, the City of Providence, the Department of Public Works, the Director, his Agents and Employees will be held harmless from any and all claims and actions whatsoever arising from the exercising of said permit.

Very truly yours,

William C. Bombard, PE
City Engineer
