

## NOTICE OF STOP SALE

[Date]

[Name of establishment]

[Address of establishment]

We have received notification from USDA, Animal and Plant Health Inspection Service (APHIS) that you have received **[number and kind of plants]** from **[name of supplier]** in **[location of supplier]**. The USDA has determined that these plants are at risk for **[infestation or infection]** by *[botanical or zoological taxon]* also known as “[**common name**],” a serious **[pathogen or pest]** for **[kind of plants that are at risk]**.

By the authority of RI General Laws 2-16-2(i), all plants, plant products and related articles, including **[kind of at-risk plants]**, that you obtained from **[name of supplier]** are prohibited from movement, pending notification by the Division of Agriculture, RI DEM. Such plants and related articles are to be held for inspection by the Division of Agriculture and all **[kind of at-risk plants]** that are exhibiting symptoms of **[infestation or infection]** must be presented to the Division of Agriculture.
