Re: ELUR for Allens Avenue Property, Case # 99-060

Dear Margaret:

I am enclosing, on behalf of Mapleville Main, Inc. (formerly known as Metech International, Inc.), evidence of the recording of the Environmental Land Usage Restriction ("ELUR") for Mapleville Main's property on Allens Avenue in Providence. The ELUR was recorded as provided for in DEM's January 16, 2003 Remedial Decision Letter and Remedial Approval Letter. The enclosed copy of the ELUR is stamped by the Recorder of Deeds and is accompanied by copies of the check and receipt confirming payment of the recording fee. We understand that, upon your receipt of the enclosed evidence of recording, DEM will be able to issue the Letter of Compliance for the Allens Avenue Property.

Please note that, as reflected in the ELUR and as you and I discussed late last year, the company's name has changed: the company that owns the Allens Avenue property is now called Mapleville Main, Inc., but it is the same company that you have known previously as Metech International, Inc. and there has been no change in the ownership of the Allens Avenue property. (Other assets of Mapleville Main were sold to a new company, which is now conducting business under the name Metech International, LLC; that new company has no ownership

interest in or other connection to the Allens Avenue property.) Accordingly, please direct the Letter of Compliance to:

Mapleville Main, Inc.
c/o Mr. Richard B. Hodgson
8677 Batesville Road
Afton, VA 22920

Thank you for your continued assistance on this matter and, as always, please feel free to give me a call if you need any further information.

Sincerely,

Cynthia A. Lewis

Enclosure

cc: Richard B. Hodgson, Esq.
