Dear Ms. Battersby:

Please be advised that I am the sole officer and sole member of ACR Realty LLC, a Rhode Island limited liability company. I acquired the above referenced property in July of 2005. I have direct knowledge of the past and present condition of the property since I have been analyzing this property over the past several years for the purpose of developing the same as a loading facility for my granite business. Unfortunately, the cost to improve the property sufficiently for my purposes far exceeded its value.

Since my previous correspondence to your department dated August 30, 2006, there has been no activity on the property whatsoever with the exception of the following:

- 1) the front of the property is currently being use strictly to store granite;
- 2) the granite is brought in and taken away by truck equipped with a crane;
- 3) there is no cutting or processing of the granite.

There have been no changes to the condition of the property since June of 2005 and the ground is not disturbed by the activity currently taking place.

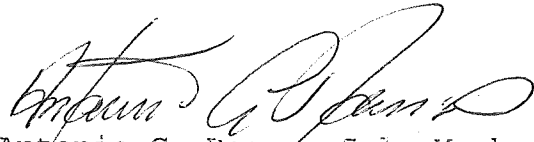

Therefore, the property remains in full compliance with the Environmental Land Use Restriction dated February 3, 2003 and recorded in Book 5580 Page 6 of the Providence Land Evidence

Records.

This correspondence is submitted to you for the purpose of complying with the Environmental Land Use Restriction.

Please do not hesitate to contact me if you have any questions or need additional information.

Very truly yours,
