RE: Rhode Island Recycled Metals, LLC

Dear Attorney Nicholson,

I am writing in reference to the May 17, 2024, letter from Rhode Island Department of Environmental Management (RIDEM) to Rhode Island Recycled Metals, LLC (RIRM). The letter gave a deadline of June 17 to complete post-fire environmental testing – that deadline remains unchanged. **June 17, 2024, was the deadline to complete the public meeting on the Public Involvement Plan – that deadline is hereby extended to July 1, 2024.** As previously noted on May 24, 2024, notice of the meeting must be sent to the required parties 10 business days in advance.

Sincerely,

/s/ Jenna Giguere, Esq.
