Good afternoon,

I am reaching out to inquire about the status of the Post-Meeting Summary Report & transcript for the RIRM PIP public meeting held August 6, 2024, as it's been over 30 days since the meeting. In accordance with Section 5.2 of the PIP, *"RIRM will a written summary of all public meetings to RIDEM in hard copy and electronic format as soon as possible but no more than 30 days following the public meeting."* This section of the PIP also specified that the meeting transcription would be part of the Summary Report.

We would like to review the transcript to identify comments/questions that were raised during the meeting to include them in a single document containing all of the public comments we've received since the meeting that need responses.

Thanks,  
Ashley
