ADMINISTRATIVE PROCESSING

Upon receipt of this form and required fee, your application will be reviewed for completeness and compliance with Rule 6.12 of the OWTS Rules. Upon completion of this review, you will receive either a renewal letter or a notice of deficiency. Any valid license, for which a renewal application is submitted (hand-delivered, or post-marked) on or before December 31st, 2024, shall be considered valid unless otherwise indicated in a notice of deficiency.

IMPORTANT NOTE REGARDING LICENSE EXPIRATION

- ➔ If you are renewing both a Class-II and Class-IV License you must pay both fees
- ➔ OWTS Rule 6.12.1 prohibits an individual with an expired license to practice as a Licensed Designer or Soil Evaluator.
- ➔ If you have installations in progress, expect to start construction before 12/31/24 or shortly thereafter, or plan to perform soil evaluations after 12/31/24, be aware that expiration of your license will prohibit you from performing licensed activities including calling in a Start of Construction and performing soil evaluations.
