### Hand Held Dust

- **Station 1**: Located outside the northwest corner of the High School fence.
- **Fixed Point Dust**: Data only includes the peak and time-weighted average dust concentrations for the day.
- **Multi Gas Meter**: Data includes VOC, LEL, and Oxygen readings.
- **Weather / Wind**: Conditions at the time of sampling.
- **Comments / Work Activity**: Details of any relevant activities or observations.

**Fixed Point Station data only includes the peak and time-weighted average dust concentrations for the day.**

**Note:**
- Station 1 was located outside the northwest corner of the High School fence.
- Multi-gas meter readings not recorded as no grading or excavation conducted.
- **Action Level = 0.29 mg/m³; response action required.**

**VOC - Volatile Organic Compounds**

**LEL - Lower Explosive Limit**

**PREPARED BY:** PJM 09/25/12

**CHECKED BY:** DEH 09/25/12

**FORMER GORHAM MANUFACTURING SITE**

**PARCEL C-1 PHASE I CAP**
