PORTSMOUTH TOWN DUMP/ AP Enterprise Inspection Report

Time	3:56:00 PM
Date	3/27/2018
Inspectors	Mark Dennen, Kasandra McKenzie
Reason for Inspection	Evaluation of Request
Inspector Recommendation	Other

Comments and Description of Deficiencies

We arrived and met Crystal on site from Oliveria Construction. ATL Construction was dumping fill as we arrived. The fill consisted of light colored sands with blocks of solid material ranging from red/pink to tan. There was no debris or odor in the material. They were filing west of the road in the Central portion of the Site. The East Central portion of the site is still sparsely vegetated. There was not a significant amount of dirt in the roadway upon leaving.
