RI Department of Environmental Management
Environmental Land Usage Restriction (ELUR)
Annual Compliance Self-Evaluation Form
(Please type or print)

Site Name: Queen Ann Square  Property Owner: City of Newport
RIDEM File No.: 2012-010  Owner Mailing Address: 43 Broadway
RIDEM Project Manager: Joseph T. Martella  Newport RI 02840
ELUR Recording Date:  Inspection Date: 2/6/2018
Owner Telephone Number: 401-845-5802  E-Mail: swheeler@cityofnewport.com

This Annual Compliance Self-Evaluation Form is not appropriate for use on sites that require the
use of any active remediation systems (e.g. active SSDS, ongoing air or groundwater monitoring,
etc.) unless explicit, written permission has been granted by the Department.

1. Site Description

   a. Site Address: Queen Anne Square, bordered by Thames St, Mill St & Church St,
      Newport RI 02840
   b. Plat: 24 Lot(s): 346
   c. Is the ELUR applicable to the entire site?
      X Yes  No
      If no, please describe the portion of the property subject to the ELUR:

   d. What does the ELUR restrict? (Select all that apply)
      X Residential Uses
      Groundwater
      X Exposure to Site Soils
      Infiltration of Water
      Subsurface Structures
      Other (Please Explain):

2. Groundwater

   a. Are there any known or observed groundwater wells present?
      X Yes  No
   b. Are these well(s) used for drinking water?
      X Yes  No  Not Applicable
      If no, please state what they are used for (i.e. irrigation, cooling, etc.):
   c. Are there environmental monitoring wells present?
      X Yes  No
3. **Engineered Controls** (e.g. asphalt, concrete, building foundations, landscaped areas, etc.)

a. Please provide a brief description of the engineered control(s) (e.g. building foundations, one foot of clean fill over a geotextile liner, etc.):

   *Vegetative and mulch cap over 12” of approved fill and soil over approved geotextile.*

b. **Overall Condition of Engineered Control(s)**

   - Good
   - Non-compliant
   - Acceptable
   - Not Applicable (Sites where only groundwater is restricted)

   X Yes   _____ No

   If yes:

   Please provide a description of the area(s) of concern:

   *The grass is showing signs stress from off walkway pedestrian foot traffic between the “Chimney” sitting room and to the east along Mill Street and around center boulder.*

   Could water infiltrate through these areas into underlying contaminated soils?

   _____ Yes   _____ No   X N/A; Infiltration Not Restricted

   When will the area(s) of concern be repaired?

   *The worn lawn areas were aerated and seeded in the spring of 2017 and following a grub infestation. The Trustees have approved the purchase and installation of a Boston Garden Post and Chain fence to redirect foot traffic to an established walkway. All worn areas will be aerated and seeded again in the spring.*

d. Has there been any soil disturbance or excavation into the cap (engineered control) in the last year?

   _____ Yes   X No

   If yes:

   How large was the area of disturbance?

   Please provide the reason or cause for disturbance or excavation:

   *Was this disturbance or excavation approved by the Department?*

   _____ Yes, Date of Approval:

   _____ No

   *Was the Soil Management Plan (SMP) properly followed?*

   _____ Yes   _____ No
If no, please explain: ____________________________________________
_____________________________________________________________
_____________________________________________________________

Was any soil taken offsite?
_____ Yes  _____ No

e. Within the past year has there been any construction at the property unauthorized by the department?
_____ Yes  _____ No

If yes:
Please explain: _________________________________________________
_____________________________________________________________
_____________________________________________________________

Did this construction disturb site soils, the existing building or capped surfaces (asphalt, concrete, or landscaped areas)?
_____ Yes  _____ No

If yes, please specify:
_____________________________________________________________

f. Have there been any subsurface structures (underground storage tanks, below grade foundations, septic systems, storm water systems, french drains, etc.) constructed or installed since the remediation was completed?
_____ Yes  _____X____ No

If yes:
Please Explain: _________________________________________________
_____________________________________________________________
_____________________________________________________________

Was permission of the Department’s Office of Waste Management obtained?
_____ Yes, Date of Approval: ________________________________
_____ No

g. Condition of landscaped areas
_____ Good  _____X____ Acceptable  _____ Non-compliant  _____ N/A

h. Does this site effectively limit exposure to contaminated subsurface soil?
_____X____ Yes  _____ No
4. Property Use

a. Are there any residential uses on the property (i.e. houses, apartments or condominiums, etc.) except as previously agreed upon by the Department?
   _____ Yes  ____X__ No
   If yes, please explain:
   _________________________________________________________
   _________________________________________________________

b. Are there any schools, daycare facilities or recreational facilities on the property except as previously agreed upon by the Department?
   _____ Yes  ____X__ No
   If yes, please explain:
   _________________________________________________________
   _________________________________________________________

c. Has the property use changed in anyway since the ELUR was recorded?
   _____ Yes  ____X__ No
   If yes, please explain:
   _________________________________________________________
   _________________________________________________________

5. Fencing (if applicable)

a. Overall Condition of the Fencing
   _____ Good  _____ Acceptable  _____ Non-compliant  ____X__ No Fence Required

b. Does the fencing effectively limit the ELUR area?
   _____ Yes  _____ No  _____ N/A

6. Overall Assessment

Does this site meet the standard imposed in the ELUR?
   ____X__ Compliant  _____ Non-compliant

7. Observations, comments, and areas of concern

The park turf is stays green longer with fewer applications of irrigation water and fertilizer. The application of turf products designed to improve the soils ability to hold nutrients and the slow weaning of turf from watering has made it more resilient. In 2015 a resilient rubber wear surface, http://kbius.com/kbi-products/kbi-flexi-pave/, was installed around the large stone to
eliminate dirt wear zone created when kids climb on the stone located in the center of the park. The solution has worked well but reseeding or sodding of the transition zone with grass continues to be an ongoing task.

The QAS Trustees have approved the purchase of a Boston Garden post and chain fence to eliminate a pedestrian “short cut” in the south east corner of the park accessing Mill Street. The barrier will be installed with posts shallow not to reach below the 12” cap. Once installed the former path will be aerated and seeded.

8. Please attach photos that document compliance with the ELUR, potential areas of concern, and the current state of the engineered controls.

After installation

Year two

Pedestrian shortcut to Mill St to be blocked by installation of Boston Garden Post & Chain fence.
Certification of Property Owner

I Scott D. Wheeler certify to the best of my knowledge that this Annual Compliance Evaluation Form is a complete and an accurate representation of the site and contains all known facts concerning the Environmental Land Use Restriction imposed on the site.
