Subject: Re: Request for Extension of Springfield Schools Site comment period

Jeff:

Thank you and the staff at DEM for sending out a new notice. As Jim Murphy noted, EPA is still finalizing the technical assistance services to assist the community with comments on the 5 year review. It is possible that a brief extension of the comment period beyond mid-January may be needed to enable the T/A provider to finish it's work. Rather than make such a request now, let's see if the T/A provider can complete work by mid-January. If you have any questions please do not hesitate to ask.
