        Former Tidewater Facility
        Pawtucket, Rhode Island
        RIDEM Case No. 95-022

On behalf of National Grid, the following summarizes response actions expected to be performed at the above-referenced site during the timeframe from April 2 through April 13, 2012.

SITE ACTIVITIES TO BE PERFORMED

- Complete site observation walk.

The excavation work associated with the regulator station upgrades is complete. Above-ground work associated with the regulator station is complete, except for replacement of one of the buildings within the regulator station fence line. The schedule for this work is pending.

Earthwork associated with the proposed electrical substation upgrades is tentatively anticipated to begin in August 2012. An evaluation regarding the applicability of Air Pollution Control Regulation No. 9 with respect to the excavation work associated with proposed electrical substation upgrades was submitted to RIDEM on February 13, 2012.
